## Football in Chinese Taipei

In terms of popularity, football is behind both baseball and basketball in Chinese Taipei. However, women's football has enjoyed great success – the national team has won the AFC Women's Championship on three occasions (1977, 1979, 1981), finished as runners-up twice (1987, 1999) and third on a further two occasions (1991, 1995). No player from Chinese Taipei – whether male or female – has yet made the breakthrough into a professional league abroad. In 2004, the FIFA Futsal World Championship will take place in Chinese Taipei, already a hot-bed for the game. Tournaments and courses for referees and coaches are already in place and will serve to increase the game's popularity further.

## Goal project

On 22 October 2008 the *Goal* Bureau approved an amendment to a plan submitted in September 2004 to build a mini-training centre in Taichung. The new project provides for the purchase of office premises in the capital, Taipei, for use as the association headquarters in the future. This provides the association with its own offices for administrative purposes.

### Women's football

When, in 1995, today's FIFA President said "The future of football is feminine", it was more than mere lip service. It reflected a strong belief in the huge potential that women's football has to develop. Ever since, FIFA has given targeted support for the efforts of associations who offer women the same opportunities to develop as male players. Launched in 1998, FIFA's Financial Assistance Programme (FAP) introduced a requirement in 2004 for the associations and confederations to invest at least 4% of their FAP funding into women's football. This threshold was increased to 10% in 2005. On top of this commitment, FIFA also promotes the women's game in more general ways by directly financing women's matches and organising competitions and symposiums. Thanks to its development programmes, FIFA is also playing an active role in the training of administrators, coaches, referees and sports doctors.
